Allowable Subject Matter

Based on the decision of the Board of Patent Appeals, Claims 1-3 are allowed.

The prior art fails to disclose or teach “displaying a display presentation at a user interface for a magnetic resonance apparatus containing a first parameter in a protocol for operating the magnetic resonance apparatus to obtain magnetic resonance data and a second parameter in said protocol for operating the magnetic resonance apparatus;

In said display presentation, showing a range of values for said first parameter including designating first sub-range within said range wherein selection of a value does not modify said second parameter, and a second sub-range within said range wherein selection of a value causes modification of said second parameter” in combination with the other claim limitations of the succeeding claims.
